Main benefits

Works with any mobile phone using QR code access, with no need to install any app, and the latest versions of mobile phones with NFC technology.

Contactless Technology

NFC technology for the latest models and QR codes for the most popular

Environmentally Friendly

100% ecological, and no need to print thousands of cards.

Adding contacts

Programmed so that with just one click, contacts can be added. Besides your contact card, you can share your link and QR code.

Accessible

In addition to the card, you can share your link and QR code.

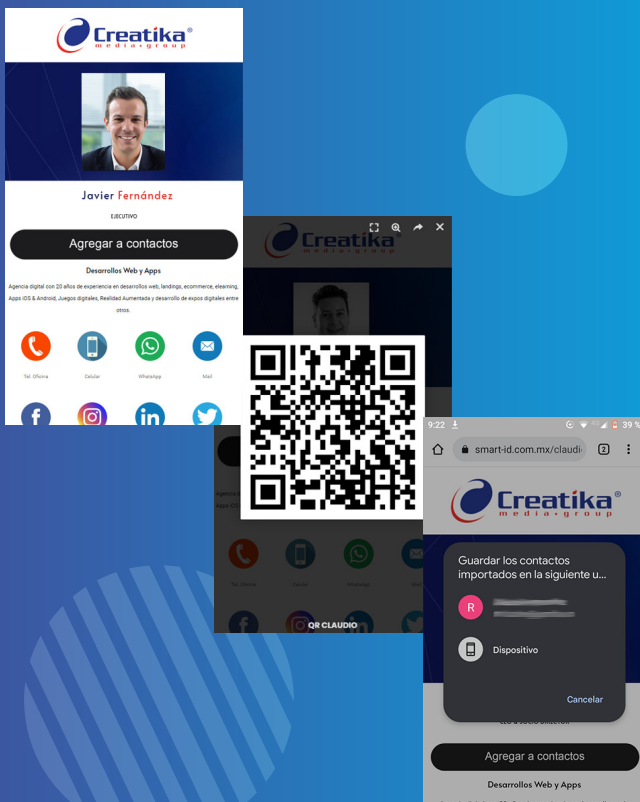

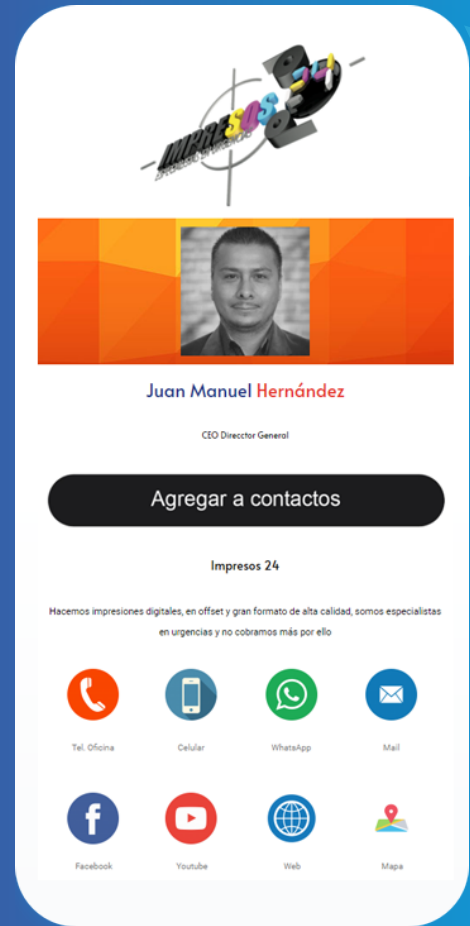

Don't print more cards without knowing where they will end, up or if they will be kept.

For entrepreneurs, businessmen, professionals, executives, and business owners.

Do highlight and communicate technology and innovation. Never run out of business cards.

When you use our digital card, you share your data with us only. And you can also take advantage of the online connectivity: with just one click people can access your data from WhatsApp, email, cellphone, telephone, and a website.

You will be able to easily share your card with your acquaintances.

Advantages

Attractive design, choose between 3 different designs.

Send us your data to place the order.

We handle the programming and the delivery.
